CYOODA SECURITY

Digital forensics for law firms. Nothing else.

Know what the devices show. Preliminary findings in 48 hours.

Fixed-fee forensic findings for departing-employee and disputed-message matters, from the expert who will give the evidence.

BUILT FOR MATTERS LIKE THESE

Departing employee

Was the client list taken? How, when, and where did it go?

Disputed messages

Were WhatsApp or text messages sent, or deleted? What does the device record?

Restraint and confidentiality

Is there evidence to support urgent relief, a letter of demand, or neither?

HOW IT RUNS

1

Same day

Scoping call, fixed quote and written preservation advice.

2

48 hours

Preliminary findings in writing, so you can advise on urgent relief.

3

5 business days

Full findings report: what the evidence shows, what it doesn't, and its limits.

4

If it goes to court

The same expert prepares the expert report and gives the evidence.

Timeframes run from receipt of all agreed devices and account access.

The guarantee

- **Fixed fee.** The agreed price covers the agreed scope. Nothing extra without your written approval.
- **Plain English.** Findings, non-findings and limitations, stated clearly.

Who does the work

John Reeman, Principal Consultant

- Former Global CISO, King & Wood Mallesons
- Accredited expert witness, Experts Direct
- GCFA, GNFA, CISSP
- Legal-sector only, from day one

Fees from A$5,000 + GST for one device and one cloud account.

Larger matters quoted at the scoping call.

Cyooda, Level 10, 66 Clarence Street, Sydney NSW 2000
