

Cyber Incident Response Retainer Service

Cybersecurity and Digital Forensics services dedicated for law firms, helping you prepare, detect and respond to cyber threats.

Overview

An Incident Response (IR) Retainer is a proactive agreement that ensures your law firm has immediate, priority access to cybersecurity experts when a data breach, ransomware attack, or insider threat occurs. Instead of reacting in panic, you have the assurance of a trusted partner in Cyooda Security who are ready to lead the response.

What problem does it solve?

- Delays during a breach increase impact and regulatory exposure
- Most organisations are unprepared to respond rapidly and effectively
- External IR support is often unavailable at short notice during widespread attacks
- Without a plan or visibility, recovery is chaotic and costly

What's Included in Your Retainer

Proactive Threat Hunting

Detect emerging threats and suspicious activity early, before they escalate into full-blown incidents, reducing potential impact and exposure.

Cyber Simulation Tabletop Exercises

Prepare leadership and legal teams to respond decisively under pressure through realistic breach simulations tailored to law firm scenarios.

Incident Response Plan Development

Ensure your firm has a clear, tested, and actionable response plan aligned with legal operations, client obligations, and regulatory requirements.

Breach Notification Support

Navigate complex disclosure laws and regulator expectations with expert guidance to protect your firm's reputation and reduce legal liability.

Proactive Log Monitoring

Optimise your log collection and retention strategy so digital evidence is immediately available and usable in the event of an investigation or litigation.

24/7 Emergency Support Hotline

When minutes matter, you'll have direct, around-the-clock access to incident response experts to contain, investigate, and mitigate threats fast.

Why Law Firms Trust Cyooda

Cyooda Security is led by John Reeman, former CISO of global law firm King & Wood Mallesons. With over 30 years of experience securing legal environments, we know your world and how to protect it. Our services are proactive, not just reactive, independent, legal-sector specific, and trusted by top-tier firms.

Be Prepared, Not Just Hopeful

The best time to plan for a breach is before it happens. With Cyooda's IR Retainer, you'll gain peace of mind, compliance assurance, and a proven team ready to respond when it matters most.
